

Tunde Ibrahim Balogun

SKILLS

- Good knowledge of Python, SQL
- Data visualization
- Data wrangling
- Data Analysis
- Detail-oriented with strong problem-solving skills
- Effective communication
- Interpersonal skills
- Proficient in Microsoft Office Suite
- Collaboration
- Domain Knowledge
- Project Management
- Documentation and Reporting

EXPERIENCE

05/2022 – Present

Fire Officer II, Lagos state Fire and Rescue Service

- Conducted regular inspections of buildings and facilities to identify fire hazard and ensure compliance with fire safety regulation
- Assessed fire risks and recommended strategies to minimize the likelihood of fires
- Maintained accurate records of inspections, training sessions, and incidents, ensuring compliance with regulatory requirements and supporting continuous improvement efforts.
- Developed and delivered fire safety training programs for employees, residents, and the public, enhancing awareness and promoting proactive fire prevention measures.

03/2015 – 11/2020

Teller, Access Bank Plc

- Processed customer transactions accurately and efficiently, including deposits, withdrawals, transfers while maintaining a balanced cash drawer.
- Provided exceptional customer service by greeting customers, addressing inquiries, and resolving issues in a timely and professional manner, resulting in high customer satisfaction scores.
- Promoted bank products and services to customers, effectively cross-selling credit cards, savings accounts, and loans to meet sales targets.
- Ensured compliance with bank policies and procedures, as well as regulatory requirements, to safeguard against fraud and maintain the security of customer accounts.
- Collaborated with team members to achieve branch goals and objectives, contributing to a positive work environment and efficient operations.
- Maintained confidentiality of customer information and adhered to strict privacy and security protocols at all times.

EDUCATION

Graduated 11/2012

B.Tech in Physics and Electronics, Federal University of Technology, Minna
Second Class Upper (CGPA-4.06).

- Completed rigorous four-year graduate program specializing in physics, covering core principles and advanced topics such as quantum mechanics, electromagnetism, and statistical mechanics.
- Developed strong analytical and problem-solving skills through coursework emphasizing mathematical methods for physicists and computational physics.
- Gained practical experience in experimental design, data analysis, and instrumentation through extensive laboratory work.
- Tailored academic focus through elective courses in specialized areas including astrophysics, biophysics, and nanotechnology.
- Engaged in independent research projects, contributing to ongoing scientific initiatives and honing research skills.

08/2004 – 09/2006

National Diploma in Electrical/Electronic Engineering,
Kwara State Polytechnic, Ilorin.

- Completed comprehensive program focusing on electrical and electronics engineering principles, spanning both theoretical coursework and practical applications.
- Studied core subjects including circuit analysis, digital electronics, microprocessors, and power systems, gaining a solid foundation in fundamental concepts.
- Developed proficiency in using industry-standard software tools and equipment for circuit design, simulation, and testing.
- Acquired practical skills through laboratory experiments, projects, and industrial training, applying theoretical knowledge to real-world engineering challenges.

TRAINING AND CERTIFICATION

- Data Science Track | (LSETF/ INGRYD SCHOLASHIP)
- Introduction to Python Programming | (USTACKY/LSETF)
- Introduction to Data Science | DIGITAL SKILLS NIGERIA
- Certificate in Network Management | (TTC MOBILE)
